HAVE YOU SUTORIAL PRIDE

If so, the Harm Thus Done Is Worth Serious Consideration (Providence Journal)

Are our more highly civilized human beings, especially the females of the species, victims of the delusions that it pays to sacrifice comfort and convenience, and even health to the arbitrary demands of fashion? There is an impression among physicians and surgeons that this is the fact, and the popular impression is to the same effect, although it is seldom possible to force a confession from any victim that he is making a sacrifice of any sort. She submits to the dictates of fashion, you say, but not to such a foolish extreme as might destroy comfort or prove detrimental to health.

There are a dozen forms of the feminine wardrobe the character of which in this respect might be open to an earnest discussion, which would warrant an indictment. Just at this time we will consider the question of shoes. A friend with a reformative mind has called our attention to a recent article in "The Boston Medical and Surgical Journal," which notes the ebb and flow of discussion concerning the absurdity of women's shoes of the prevailing fashion and comments on efforts that are being made to introduce and popularize shoes of more hygienic style.

We are reminded by this authority that a well-balanced foot is necessary to the maintenance of a healthy, well-balanced body. "High-heeled and narrow-toed shoes," we are told, cannot properly balance the body, and cramp the muscles and joints of the feet so that they cannot be exercised as they should be in moving and carrying the body. The so-called fashionable shoe not only causes local pain, deformity and discomfort, but we are assured that it is also responsible for a great proportion of the back strain, neuralgia and nervous irritability from which many women suffer.

Back in Europe, and this country, there have been various efforts to introduce sane and sensible foot wear. From France it is reported that the Paris Academy of Medicine has issued an appeal to the people to put an end to the fashion of "French" and "Louis Quinze" heels, and the Boston Medical and Surgical Journal announces that in this country the problem has been taken up with the W. M. C. A. There is in this organization a national membership of 400,000 to listen to the suggestions of the national board, and without stint it would seem that something ought to be accomplished in the way of making shoes more sensible.

The fundamental question that has to be considered is whether manufacturers can make the desired shoes and whether American women can be sufficiently impressed with their desirability to be induced to adopt them. The first point is said to have been discussed at a conference of manufacturers at the national Y. W. C. A. headquarters in New York, and after the board evolved and ready for market the W. M. C. A. has plans for its wide distribution. It is expected that there will no longer be ground for complaint that the right sort of shoe is not available.

In suggestions material for "timely" sutorial propaganda, we can thank our friends for increasing our vocabulary by one fine word. We prefer like that, "sutorial." It matches up very well with sartorial, and I referring to a "sutor," who is a cobbler, it does it very very neatly. In the end, you know, if you have to make peculiar visits to a chiropodist or undergo a regular course of orthopedic treatment, the chances are that you are, or have some time been a victim of sartorial vanity.

RAILWAY MEN IDEAL

Refusing to Work

Shoppers Demand Immediate Payment of Back Wages From Last May

Hagerstown, Md., Nov. 25.—Demanding immediate payment of back wages from last May, 600 boiler makers, pipe fitters, machinists and other craftsmen in the Western Maryland shops have refused to go to work today.

The workers did not leave the shops, but stood by their jobs ready to resume work upon receipt of the back pay they claim.

The railroad administration is preparing back pay vouchers for the workers as fast as possible with the view of paying at the same time, all those to whom back pay is due. It is said this will rise be forthcoming until December.

If the local shopmen hold out in their demands until they receive back pay, the shops will remain idle as the company is making no effort to replace them.

LIVES OF BABIES ARE THROWN AWAY

Millions Asked to Stop Needless Deaths—Relief Bill Is Now in Congress

Washington, Seventeen thousand mothers die annually from causes relating to child-birth, and 300,000 children lose their lives from preventable causes.

This is why Senator Sheppard of Texas has introduced a bill to appropriate \$4,480,000 a year and to create a Federal Board of Maternal and Infant Hygiene.

The Sheppard bill is a revision of a similar measure proposed by Congressman Jeannette Rankin and Senator Baileston in the 57th Congress. That bill was favorably reported, but never came to a vote.

It was revised, however, by the work entirely under the children's bureau of the Labor Department and didn't properly coordinate the work with that of the public health service and bureau of education.

Senator Sheppard's bill is now before the Committee of Public Health and National Quarantine. It will not get through at this special session, but the regular session which meets December 1 is expected to pass it.

The movement would be launched by the appropriation of \$10,000 to each state, with increasing appropriations in future years.

Each state must appropriate some equal to that furnished to it by the federal government. This will mean, for example, that \$10,000 in 1920, and after June 30, 1925 \$8,000,000 a year to see that babies are properly cared for.

Each state must give the babies a chance to live and that the mothers are given the best of care.

The bill as drawn, makes the secretary of labor chairman of the Federal Board of Maternal and Infant Hygiene, Chief of the Children's Bureau, the Federal Board of Health Service and the Bureau of Education.

The children's bureau will establish public health nursing offices in every county in the United States. The movement to extend such aid is backed by the International Congress of Working Women, the Red Cross, the Children's Bureau, the National States, the Public Health Service and the Bureau of Education.

It is good sometimes to compare the end of a road. We may have grown up a little weary of it, but we have found it a difficult one to travel and unconsciously have placed our hopes in the future.

Three Years of Test on Every Kind of Road

Men famous for their success in the great automobile industry, men experienced in the design and building of the finest cars, are the men who conceived and developed and are now manufacturing in large numbers the new Cleveland Six. Their skill and sincerity are built into this car.

The Cleveland Six, new to the public, has been tested for nearly three years in the shops and laboratory and on the road, and built into the most modern of automobile plants, brings power and comfort and beauty of design at a price others have not approached.

WILL GROW TOBACCO

Farmers of Ridge Section to Employ Instructors

Ridge Springs, Nov. 24.—A meeting held today the question of tobacco growing was considered by the farmers of this section and a talk about this line was made by E. E. Ridge, tobacco agent of the Southern Railway. Due to the fact that the soil here is not adapted to tobacco, the farmers are looking for some other crop to replace the tobacco which was in the cotton crop.

Mr. Ridge stated that no section is so unprofitable as the one in which tobacco is grown. He advocates that farmers planting more than four acres of tobacco to begin with, which at present prices for tobacco would be equal to 20 acres in cotton. He stated that the soil of this section was ideal for tobacco growing and that bright tobacco could be grown as successfully in this section as anywhere.

The farmers of this section decided that they will employ an experienced tobacco grower from the Ridge tobacco section to give personal supervision of each man's crop. At a meeting held today at Ridge Springs, the farmers of this section decided to employ an experienced man to look after the crop.

Meetings are to be held Wednesday at Johnston in the morning and Tuesday at 2 p. m. in the afternoon. Meetings are to be held at Williston at 10 a. m. and Blackville at 2 p. m.

MADDO'S INSISTS UPON A SHOWDOWN ON PROFITS

Necessary for the American People to Form Just Opinion on Coal Situation

New York, Nov. 25.—A showdown on profits made by bituminous operators is needed, for the American people to form a just opinion on the coal situation, William G. Maddox, former secretary of the treasury, asserted today.

Mr. Maddox's statement was made after he had read an Associated Press dispatch from Washington that the secretary of the open bazaar addressed to him by the operators, certifying him for "injection" himself into the mine for robbery. Mr. Maddox had not re-

Working By Schedule

The Fair View

It is a regrettable thing how many persons work in haphazard sort of way, without any fixed schedule to guide them and with only a vague understanding of what they really want to accomplish. Such persons are impatient with those who find it easier to work by system even if it is only one of their own making, but suitable to their needs. The average man is likely to take things as they come and when they come too fast for his comfort to choose any course of accomplishment even though other and more pressing matters may be obstructed. It is not always pleasant to work by schedule; indeed, in some circumstances it is almost a punishment that the man who sticks to a well-laid plan of effort, is the man who does the most in the long run. He may be forced to lose many pleasures and miss many commotions by doing this, but in the end he will probably have a better rounded record to his credit than he who follows no rule, by which he regulates his efforts and his life.

The latter may possess more brilliancy, more dash and go more elasticity of movement, but he will be less successful in the long run. He will be less successful in the long run. He will be less successful in the long run.

It is not easy to stick to the post of duty when happier vocations call. It is not easy to persist in the performance of some special and secondary duty when more attractive tasks are at hand, but when the day is done and we take a rough accounting of it, it is surprising to find that we have done what we set out to do and that we have been able to do it at all.

There have been many times when I have done what I set out to do and that we have been able to do it at all. There have been many times when I have done what I set out to do and that we have been able to do it at all.

There have been many times when I have done what I set out to do and that we have been able to do it at all. There have been many times when I have done what I set out to do and that we have been able to do it at all.

There have been many times when I have done what I set out to do and that we have been able to do it at all. There have been many times when I have done what I set out to do and that we have been able to do it at all.

For Rent—My house on Saluda Street for 1920. For terms write to Mrs. Hattie E. Hadden, Ottaway Hotel, Greenville, S. C.

Dr. W. M. Kennedy recently installed a powerful X-ray outfit, for use in connection with his dental practice, and for the use of the doctors of the community. In considering the purchase, Dr. Kennedy was confronted with the fact that while a much smaller machine would have been ample for dental purposes, there was no larger machine of sufficient capacity to make pictures of broken bones and the like nearer than Rock Hill, Chester and Gastonia and while he was buying may as well make provision for such emergencies. —Yorkville Enquirer.

The contractors have begun erection of the concrete bridge on the Great Falls road.

We are asked to say that there will be preaching on the 5th Sunday at Catholic and Hebrew churches by the pastor, Rev. R. Roy Brown.

Mr. W. O. Guy, who some time ago sold his farm about 10 miles above Chester on the York road, and bought the Refo residence on Hempfield Avenue, has moved into the latter and is now a citizen of the City of Chester.

No information has as yet been received in Chester as to who will be successor to Mr. S. E. Wiley as treasurer of Chester county. There were a number of applicants for the place, among them being Messrs. A. C. Fuchs, Albert K. Henry, Guy, Hollis, Rees, C. Darby, W. O. Guy and L. C. Fann. The county delegation has sent the list of applicants to Governor Cooper, who will appoint Mr. Wiley's successor.

Mrs. W. D. Peay and children are spending a few days in Clover with her father's parents, Capt. and Mrs. Bihon.

Little John W. Wilson, Jr., twenty-months old child of Mr. J. M. Wilson and the late Mrs. Irma Wilson, died at the home in the city on Wednesday night. The child was born in Chester and was buried in Evergreen cemetery Wednesday.

Lost—Smy car dropped from tender of automobile near Seaboard passenger station, Wednesday night. Finder please return to Dr. J. B. Bigham. It.

Mr. John Frazer, who bought several car loads of fine beef cattle in Virginia recently and who brought same to Chester, has sold Klette Market right-hand Mr. Klette, who arranged to get the cattle as he needs them, which we understand is at the home in the city. It has been stated that this shipment is one of the best which has ever been brought into this section.

We are informed that a special train will be operated over the Lancaster and Chester Railway on next Sunday for the benefit of the colored people who wish to attend the South Carolina Conference of the A. M. E. Zion church, at Lancaster, on that day. The train is to leave Chester at 9:10 A. M.

Mr. W. F. Marion advises that up to November 14th, this year, 25,920 pounds of cotton have been shipped to the home in the city. It is Chester county, as against 21,177 up to the same period last year.

Automobile—M. C. Fugate, Chester, S. C. Agent for the Dixie Flyer and Moore auto, Dixie Flyer, Price \$1,000. Factory \$1,150. Moore, Price \$1,000. Factory \$1,150.

Buy, \$1,500 Pair Mules.

"A new high water mark has been reached in the sale of mules in York county," a Yorkville man has been heard to say. "In the past, a few years back when \$400 was considered an enormous price for a team of mules and several years back it was indeed a high price. But now it is different. Several teams have recently been sold by York county dealers for \$1,000 and the James Bros. of Yorkville sold a team of mules to George Gault, a well-known farmer of Chester county, a few days ago for \$1,500. That I guess is the highest price ever paid for mules in York county." —Enquirer.

Banquet Tuesday Night.

One of the most enjoyable banquets ever held in our city was that of last Tuesday night, given by the Business Men's Class of the First Baptist church. The banquet was given to those who will assist in the 75 Million drive next Sunday in Chester county. Approximately 200 men were present from the city and county.

The menu, one of the most excellent ever furnished in Chester, was served by the Ladies Aid Society of the church.

Mr. Samuel E. McFadden was toastmaster for the occasion. The principal speaker of the evening was Rev. J. R. Gosde, of Columbia, who delivered a stirring appeal for the 75 Million drive. With the coming drive, Mr. Gosde stated that he was certain Chester would be "over the top" in the drive and that more enthusiasm had been shown in Chester than any place he had visited yet.

The following gentlemen of the Chester Association delivered addresses: Rev. L. McEl White, R. L. Corbett, E. D. Wells, J. R. Moore, G. M. Rodgers, D. R. Jones, J. C. Hall, J. P. Pittman and Mr. S. E. Wilson. Talks were also made by a number of laymen, all of which were respectfully good and to the point.

Special praise is due the ladies who prepared the elaborate and tempting menu.

Captain J. L. Glenn, Jr., was among those who recently passed the S. C. bar examination.

MEETING HELD TUESDAY

Chester County Anti-Tuberculosis League Held Meeting Tuesday—Further Sale of Red Cross Seal—Elections Were Made.

About 30 members of the Chester county Anti-Tuberculosis League attended the meeting called by Mrs. E. Brown at the Chamber of Commerce on Tuesday night. Mr. T. H. White, chairman of the executive committee, assisted by Mrs. Brown, field director presided over the meeting.

Mrs. Brown stated the object of the meeting to be the furthering of the Christmas sale of Red Cross seals, since 25 per cent of the proceeds of this sale would come back to the county and aid in the fight against the dread malady, tuberculosis. Mrs. Brown stated that 150,000 people die yearly in the United States from this trouble, that there is a death therefrom every three minutes and that Chester county probably has over 1,000 cases. Mrs. McDonald, Red Cross tuberculosis nurse, brought valuable suggestions from the State League meeting, held this month in Columbia.

Acting upon these and other suggestions, the following elections were made: Mrs. Steele Caldwell, chairman of advertising; Mrs. H. H. White, secretary; Mrs. McDonald, treasurer; Mrs. J. D. Davidson, the pictureque dame of honors in every state and pearls, followed Mrs. J. D. Davidson and Leiland Young were next in the procession. Preceding the finale was the song "Heavenly Bodies" by Crawford Abell, with the song carried cheerfully on a silver tray.

The bride entered with her brother, Mr. Stewart Abell, who gave her in marriage. Her beautiful toilette of ivory satin, tastefully accented with silver lace and pearls, followed her brother, who gave her in marriage. ABELL-CRAWFORD.

Mr. and Mrs. Stewart Abell's attractive home was the scene of an unusually beautiful wedding on Thursday, November 27th, at 8:30 P. M. when Miss Lettie Abell became the bride of Dr. Baxter Lindsay Crawford, of Philadelphia, Pa.

Mr. and Mrs. Abell welcomed the guests, who were seated in the living room where Mrs. Charlie Abell and Mrs. G. W. Young of Clinton, did the honors. In the sitting room, Mrs. E. Brown Abell and Miss Rebecca Harner presided.

The decorations were tastefully carried out in white and green while the bride combined with these in her wedding gown. Myriads of candles lent a fairy glow to the ceremony room and altar.

Miss Nellie Moore's cultured voice was at its best in the selection, which she sang before the ceremony. Miss Frances Butters, of Chicago College, accompanied her on the piano while Mrs. James Glenn's tender voice added the obligato.

At 10:00 o'clock the wedding march sounded and Dr. Baxter Abell and Mrs. Stewart Abell opened the bridal way.

The bride entered with her brother, Mr. Stewart Abell, who gave her in marriage. Her beautiful toilette of ivory satin, tastefully accented with silver lace and pearls, followed her brother, who gave her in marriage.

The bride was met at the altar by Mr. Stewart Abell, who gave her in marriage. Her beautiful toilette of ivory satin, tastefully accented with silver lace and pearls, followed her brother, who gave her in marriage.

LIVER DIDN'T ACT

DIGESTION WAS BAD

Says 65 Year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadowville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago my stomach was all out of place. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was poor. I was very weak. I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. It felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the best results were obtained with a few doses of Black-Draught."

Seventy years of successful use has made Black-Draught a standard household remedy. Every member of every family, at times, needs the help that Black-Draught can give in restoring the system and relieving the troubles that come from constipation, indigestion, hay fever, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package—One cent a dose. Black-Draught is sold everywhere.

Advocate Course in Bible Study.

York, Nov. 26.—Bible study in the church was one of the topics discussed at the initial meeting of the Western division of the York County Teachers' association held in the conference hall.

Short talks on the teaching of the Bible to some extent, with the assistance of denominational papers, were made by several speakers.
